Hisense HM388

8" Rugged Tablet POS System

Rugged and lightweight point-of-sale (POS) system for harsh environments. Run your retail or hospitality business more efficiently with a stylish, reliable and space-saving Hisense HM388 Rugged Tablet POS. It has a Windows operating system and is equipped with built-in Magnetic Stripe Reader (MSR) & Near Field Communication (NFC).

The 8 inch, bezel-free and widescreen display provides an optimal viewing experience so that you won't miss a beat while doing business. The display is also designed with Projected Capacitive (PCAP) touch technology that helps to extend the operating life and allow multi-touch gesture control. You can also use the wide range of ports to connect peripheral devices in to the docking station.

If performance is a concern for you, then the Hisense HM388 Rugged Tablet POS is a must-have for your business. It's also faster and easier than a fixed line (traditional) POS.
